

In-Sight EasyBuilder 4.9.1 Localized Help File Set-Up

INTRODUCTION

With the 4.9.1 In-Sight Explorer release, the EasyBuilder Help files in English and Japanese have been updated to reflect changes and updates according to the 4.9.1 release.

At the time of release, the EasyBuilder help files had not yet been localized to include the changes and updates reflected in the 4.9.1 release for the following languages:

- German – ‘Help_EZ_DE’
- Spanish – ‘Help_EZ_ES’
- French – ‘Help_EZ_FR’
- Korean – ‘Help_EZ_KO’
- Chinese – ‘Help_EZ_ZH’

For these languages, versions corresponding to In-Sight Explorer 4.9.0 were installed. The files included with this download consist of the Help Files updated for the 4.9.1 release.

INSTALL

Option 1 – Access Help Files Externally From In-Sight Explorer

- 1) Download the zip file ‘EasyBuilderHelp.zip’, and extract to a location on the PC.
- 2) Extract the ‘PalletHelp_EZ_xx.zip’ file for the desired language. These files can be extracted anywhere on the PC used to access the Help Files.
- 3) Place the appropriate Help File at a convenient location, such as the desktop.

Option 2 – Integrate Help Files to In-Sight Explorer

- 1) Download the zip file ‘EasyBuilderHelp.zip’, and extract to a location on the PC.
- 2) Extract the ‘PalletHelp_EZ_xx.zip’ file for the desired language.
- 3) Replace the ‘Help_EZ_xx’ over the current file in the directory:

[C:\Program Files \(x86\)\Cognex\In-Sight\In-Sight Explorer 4.9.1\Documentation\Help](C:\Program Files (x86)\Cognex\In-Sight\In-Sight Explorer 4.9.1\Documentation\Help)

- 4) Replace the appropriate 'Content' subdirectory with the updated folder from the 'PalletHelp_EZ_xx' extracted folder:

[C:\Program Files \(x86\)\Cognex\In-Sight\In-Sight Explorer 4.9.1\Documentation\Help\Content](C:\Program Files (x86)\Cognex\In-Sight\In-Sight Explorer 4.9.1\Documentation\Help\Content)

- 5) The Help File will now be linked to the EasyBuilder Help Button found in the Palette pane:
