

Connecting a P/S 2 Mouse to a Smartlink

Components Needed:

From DVT:

- DVT Smartlink
- DVT Smartlink Serial Converter CON-9TM
- RJ-11 cable (or RJ 12)

From Cables to Go:

- M/M DB-9 Gender changer Item # 02771
- DB-9 M/F Null Modem Adapter Item # 08075

From Vetra:

- PS/2 to Serial Mouse Protocol Converter includes DB-9 F/F cable VIP-327-PS
- VIP-210 power supply for 110-120 VAC OR
- VIP-211 power supply for 220 VAC

From Anywhere:

- PS/2 Mouse

Note: This is not the VIP-327-PS. It is the VIP-327-SP. This one is very similar but converts serial to PS/2 and thus does not show the plug for the power supply. Do not purchase the VIP-327-SP for this purpose.
