

Replacing Plugin Files For ViDi Suite 4.1 Plugin

1. Download the zip file that contains the new plugin files.

2. Extract the downloaded zip file and paste the extracted new plugin files into

"C:\ProgramData\Cognex\Designer\Plugins\Cognex\Cognex ViDi Suite 4.1 Plugin for Designer" to overwrite the old ones.

* For preserving the previous plugin, please back up

"C:\ProgramData\Cognex\Designer\Plugins\Cognex\Cognex ViDi Suite 4.1 Plugin for Designer" with all the files in it. Please copy and paste this folder into a different safe directory.

3. Run Cognex Designer, open a Designer project, and click **Apply** when you see the popup message below.
